FIFTEEN CENTS

BIKE-A-THON PRIZES DISPLAYED—The four new bicycles that will be given as prizes in the Oct. 5 American Cancer Society Bike-A-Thon were displayed at the Antioch fire station, starting point for the event. From left: High School Superintendent Warren Polley, Police Lt. Tim Zelinski, Police Dispatcher Garnet Cook, Preston Reckers Antioch Township Route 5 Bike-A-Thon Chairman and Vice President of the State Bank of Antioch, Don Walsh of Walsh's All-Seasons, Community Relations Officer Sue

Sedivec, Joe Sterbenz of Antioch Bowling Lanes, Village Clerk Marilyn Sterbenz and Lou Simon of the Shoe Box. The bikes are being donated by the State Bank of Antioch, Walsh's All-Seasons, Antioch Bowl and the Shoe Box. They will be won by the Bike-A-Thon participants who earn the most money for the Cancer Society through pledges for each mile that they ride. Mr. Polley, Mrs. Cook, Miss Sedivec and Mrs. Sterbenz are planning to ride in the Bike-A-Thon along with other adults and children of all ages.

Bike-A-Thon Interest Is High

Pres Reckers, chairman of the Antioch Township Cancer Society Bike-A-Thon to be held on Saturday, October 5th, is encouraged by the quick response from adults and children for rider entry blanks,

indicating that proceeds may far exceed last year's total sponsor donations of \$5,000 for the township. Rain date for this second annual event will be Sunday, October 6th.

This year's route in Antioch will again cover 7 miles, starting at the Antioch Fire Department on Main Street, west on Orchard Street to David Street, south to Lake Street, west to Tiffany Road, north to North Avenue, east to Deep Lake Road, south to Little Silver Lake Road, and west to point of beginning. Participants are encouraged to ride Route 5 as many times as they are able, but no one may pass through checkpoint one (Antioch Fire Department) after 3.

The Bike-A-Thon starts at 10

and may begin only from the first checkpoint at the Antioch Fire Department. Other checkpoints are the Antioch Evangelical Free Church and the Atwood residence on Deep Lake Road, south on North Avenue.

Additional entry blanks may be obtained from schools, police department, State Bank of Antioch, The Shoe Box, Walsh's All-Season, and Antioch Bowling Lanes, Inc.

Those wishing to participate should obtain as many sponsors

as possible prior to the ride date. Parents, teachers, friends, relatives, neighbors, merchants, businesses, etc., are good sources, and may be asked to sponsor participants for each mile they ride. A dime a mile would be a good start. Some sponsors may wish to pay more per mile.

Riders may also carry a small passenger during the ride, and sponsors for this little one may also be secured.

Sponsors should be told that their tax deductible contribution will be used for the American Cancer Society and they must sign the sponsor sheet. The riders are responsible for returning to their sponsors to collect the money

Sequoits' Next Foe: Cary-Grove

Oh well. The bad days make the good days.

Antioch's Sequoits had a bad day last Saturday, losing to Warren 33-6. So now they'll appreciate it that much more if and when they beat Cary-Grove this Saturday.

The game will be at Cary-Grove at 2 p.m., following a 12 noon sophomore game.

The Sequoits probably would be slight favorites since they have a 1-2 record in conference standings while Cary-Grove has

Historical Society Views Old Guns

By Elizabeth Bullens

"I've collected and preserved all my life," said Jack Wells as guest speaker for the Lakes Region Historical Society last week.

Antioch Police Chief Wells showed the part of his gun collection that deals with the Civil War Period. The Colt Gragoon (1847), the Spencer Carbine (1864), and the flintlock pistol were among those presented. Most of the guns were collected through families living in and around Antioch.

Not only did the police chief demonstrate the use of the guns, but also showed bullet molds, cartridges and powder flasks. The lecture was very informative though brief, lasting only 20 minutes. In closing, the Chief urged the audience to "collect and preserve" even the minute items such as saddle stirrups,

one of which he presented that evening. "It's a part of our heritage and part of Antioch," he said.

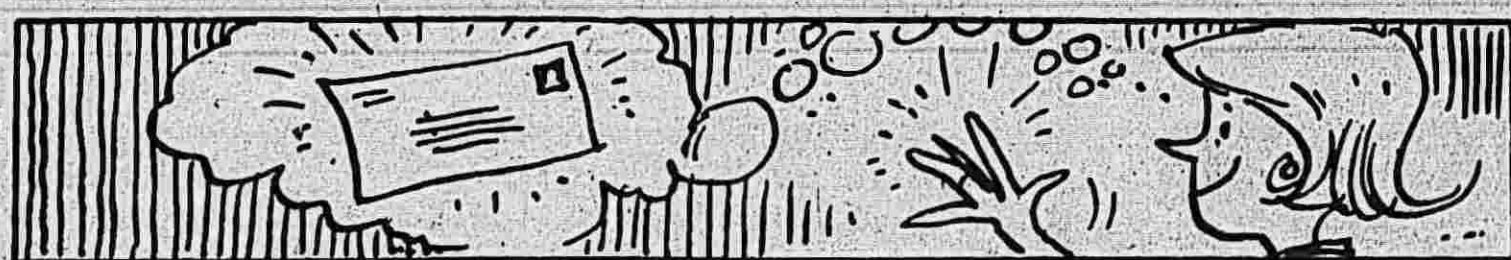

Meetings are held in the Antioch Township Library on the third Monday of every month, starting promptly at 8 p.m. They are open to anyone who is interested in gaining insights about the history of the Lakes Region.

THE BARRY GOLDWATER COLUMN

Why I Voted Against Foreign-Aid Bills

By Sen. Barry Goldwater

The United States apparently has never had a coherent policy on world hunger, according to the Sept. 7 issue of the Washington Star News.

When I think back over 40 years of radical-liberal Democrat rhetoric about hunger and poverty, this oversight is not just astounding, it's criminal.

Until we have further information, far be it from me to charge our left-wing "bleeding hearts" with the dirtiest of all crimes—playing politics with human misery. But the fact remains that radical breast-beating has been a favorite Democrat stratagem since the earliest Administration of President Franklin D. Roosevelt.

COMPASSION OF the less fortunate was the keystone of almost every Democrat campaign in the '30s and '40s. It carried with it the implications that the Republicans were so money hungry they would think nothing of starving large groups of people both in this country

and abroad and that only Democrats have the ability to spend tax funds to ease the problems.

Not only did American funds alleviate genuine hardship among hard-pressed Americans in the '30s, but the taxes paid by hard-working American wage earners were used to eradicate hunger in war-torn Europe after World War II, in Korea after the Korean war and in many other sections of the globe.

In my case, my opposition to foreign aid was always brought up as an indication that I had no pity or concern or compassion for the hungry people in other lands. Seldom did any liberal newsman ask for an explanation or try to find out that I voted against the foreign aid bills that were sent to us because they were so all-inclusive.

TIME AND time again I urged American Presidents to separate military aid from outright monetary grants and technical assistance. Not even

my friend Dwight Eisenhower would accede to this, because lumping them all together was the easiest way to get approval for the entire program.

What is seldom mentioned and even today is not well-known is that I have long been a strong supporter of military and technical aid to foreign countries. What I was against was the outright use and granting of American dollars to foreign officials, many of whom we couldn't trust to use the funds wisely.

The subject comes up now because the world is now faced with a food shortage, the like of which it has never seen. Newspapers like the Washington Star News are busily screaming that America needs a coherent policy on world hunger.

I couldn't agree with it more. As a matter of fact, I think we needed a national policy on world hunger years ago when I was a child and we were busily contributing our nickels to aid what church groups told us were "starving Americans."

COMMENTS...

Beyond the Classroom

Since the beginning of July the Antioch Community Schools, Districts 34 and 117, have been working on a program that may have far-reaching consequences for Antioch and eventually all of Lake County. The schools have been developing a curriculum for a kindergarten through 12th grade environmental education program.

In this curriculum students are taken out of the classroom and into the school-community environment. They will be learning history from visits by local people and from visits to historical sites. The material of science and mathematics should take on new meaning as students apply what they learn to understanding aspects of their community.

Within a carefully defined educational format students will be encouraged to explore complex and interesting aspects of their community through involvement in local government, civic organizations, and community groups. They will attend and participate in planning board meetings, hearings and trustee meetings.

The project is funded under a grant from Title III of the Elementary and Secondary Education Act of 1965. The grant itself was written by Superintendent Henry Meyer and Mary Kern, teacher in District 34. The project is being directed by Michael Teeley.

The project offices are at the Antioch Upper Grade School, 800 Highview Drive. Citizens and educators are being encouraged to visit and learn more about the project.

Through these experiences the students will gain firsthand information and develop the skills which enable them to better understand Antioch and Illinois. Through these abilities it is hoped that each student will want to work to improve the quality of Antioch and the Chain O'Lakes region.

From Our Readers

Dear Sirs:

After living 10 years in Antioch and only five weeks here in Florida, we really enjoy reading The Antioch News.

We left a lot of friends back in Antioch and would like it very much if you would say "Hi" for us.

Norm was the manager at Antioch Bowl for several years. He is the night manager at the only bowling alley in Port Charlotte, Fla.

It's very hard to leave friends and family, so we look forward to the paper every week to keep up on the news of a very nice town, with a lot of very nice people.

Incidentally, Sept. 28 is the third birthday of our little grandson, Christopher Thibedeau, Main St., Antioch.

Dear Editor:

The other night a friend of mine stopped over and I asked him what he thought of Ford's Amnesty Plan. Right away he said "They should stay in Canada" (meaning the draft resisters). I have found that a lot of people feel this way regarding the men who felt that the war was wrong and left the country.

I feel sorry for the men who did go to war and have been living with agonizing memories since coming back. They were taught to shoot to kill. (In my mind, that is a sickness in itself). How many of these men are living the rest of their lives in their own private "hell" because of the maiming and killing they were ordered to do? Some "older" people have been heard to say, "I served my time in the service, and I'm not about to see these young punk kids come back free and clear after other men had to serve their time and these deserters want to get off scott-free".

The draft is now a matter of choice. Since, unfortunately, it wasn't before, the war resisters had to make a choice between serving their country by doing something that was morally deplorable to them, or leaving their country and living outside their homeland, away from their family and friends.

Are these brave men who had the conviction and courage to do what they believed in going to be forever "put down" by the "Know-It-All" establishment? The only person who is fit to judge whether these men were right or wrong is not of this world.

High School Meeting

The regular monthly meeting of the Board of Education of Antioch Community High School, District 117, will be held Thursday at 7:30 p.m. in the General Office.

Tele-Care Successful, But Needs More People

Have you signed up to be a part of Tele-Care?

This new community service has completed its first month of operation. Sponsoring this month's phone service is Wilton Electric; and Mr. James Lumber has contributed his services for legal work in setting up the non-profit organization.

The consensus of the volunteers manning the phone each day is that the project is successful.

But Tele-Care does need more

volunteers -- persons who can spare two morning hours a month. If you can, please call Barbara Goetzelman at 395-2372 for information.

The service is designed primarily for people alone who do not have a relative or friend to whom they talk each day to check on their well-being.

There have been several instances in Antioch in which a volunteer service such as Tele-Care would have helped tremendously. An elderly man

had a stroke and was helpless for three days before neighbors realized they had not seen him. A local woman recently fell, broke her hip and was helpless for two days before a relative investigated when she failed to answer her telephone.

Tele-Care is a volunteer service, without cost, which a person can drop at any time. Don't delay. Sign up today.

Tele-Care asks that, if you live alone, please contact Mrs. Goetzelman at 395-2372.

Governor Signs Pierce Library Bill

Governor Daniel Walker recently signed into the law House Bill No. 2269 sponsored by State Representative Daniel M. Pierce (D-32nd), which aids public libraries throughout Illinois. The Bill permits public libraries to establish a working cash fund equal to .03 percent of the assessed valuation of all property within the district. This would triple the present working cash fund and allow public libraries to avoid the necessity for selling tax anticipation warrants when tax bill collections are late. No increase in taxes is involved or authorized by the legislation.

The Time Machine

70 YEARS AGO: SEPTEMBER 29, 1904

To the citizens of the Antioch: We have formed a Brass Band in the Village of Antioch for campaign purposes. The boys furnish the instruments, the time and the wind, but they ask you who want to "hoop it up" for Roosevelt or Parker, or some other candidate, to furnish the money for the music. Anything from a dime to a half dollar will be appreciated. Hand your contribution to J.C. James, Jr.

50 YEARS AGO: SEPTEMBER 25, 1924

In respect for "Eck" Lewis, all stores in Antioch will close at 1 p.m. today (Thursday) and remain closed for the remainder of the afternoon. Mr. Lewis succumbed to heart trouble Monday evening in Winter, Wis. while on a fishing trip.

Under the direction of Coach Watson, some score of football aspirants for the high school team are practicing daily and the prospects look better than for the past two years. Among the players are Clifford Hook, Philip Simpson, William Hattendorf, George Anzinger, Arnold Shunneson, William Schweck, Robert Burgess and Bob Morley.

20 YEARS AGO: SEPTEMBER 23, 1954

Senator Robert McClory of Lake Bluff, selected by his Republican colleagues in the State Senate to help elect candidates in other senatorial districts, has been on a "downstate" campaign tour during the past two weeks.

Featured this week at the supermarket: pork loin roast (rib end), 35c a pound; Campbell's soup, 10c a can; and Jonathan apples, 29c for 2 pounds.

10 YEARS AGO: SEPTEMBER 24, 1964

The Antioch Sequoits successfully opened their football season Saturday with a 13-2 win over Salem's Falcons. Tom Morgan scored both touchdowns and Stan Revell added the extra point.

★ Your Police and the Community

By SUE SEDIVEC
Community Relations Officer

For most people the midnight hour means sleep and rest. But while the village is tucked away, someone is awake answering phones and dispatching information to squad cars.

The Antioch Police Dept. serves the community for all 24 hours, so there is always someone on the job. One such person is Debbie Gliniewicz, whose day begins at 11 p.m. Debbie has two sons, Joey and Mike, and a German shepherd named "King."

Debbie gained police experience while working for the answering service, the Round Lake Beach police and the Fox Lake police, before coming to the Antioch department.

The dispatcher is an integral part of the function of the police department and Debbie feels that "a dispatcher is a special breed of person who must be quick to respond in any emergency and be able to handle many things at once,

such as answering phones, radios and people off the street at the same time."

A VIP such as a dispatcher must be able to calm a hysterical person, comfort the injured and obtain help in a matter of seconds.

Debbie feels that she takes her job very seriously and that people's lives depend on her ability to get help to them.

"I don't think there is a road in northwestern Lake County that I can't find in a matter of 20 or 30 seconds," she said.

Debbie's working hours are not the most pleasant, but she will do her best to assist anyone seeking help through the police department.

Our police department has an excellent dispatching staff and I feel that anyone who has contact with our department will feel the same way. Thanks to Debbie, Valerie, Garnet and Sandy for giving the community a helping hand.

Most of your agencies do not charge for your airline ticket until you are ready to pick them up so why not make your arrangements now without the usual hassle at the airports? This year's holiday travel for all of you young people will be a brand new ball game in a new park.

For a slight discount make the arrangements or have your parents do it for K-Class which is Thrifty Class, or YN-Class which is Nite Coach. Each of these classes of service is about 20 percent less than regular coach and this can add up but fast on your longer flights. Word of caution though, these flights are already completely booked for certain times so you better get with it. Remember, the early bird gets the benefits.

COMMENTS...

BURLINGTON, WIS., STANDARD PRESS:
"It's about time somebody took a crack at the younger generation that spends much of its time blaming the older generation for what the kids term is a materialistic outlook in everything we do. If the older generation stopped chasing the bucks, so they could no longer furnish the kids with nice clothes, good things to eat and use of the family car, complete with heat and music, the kids would be the first to bellyache!"

Lindenhurst News

By SANDI CHRISTMAN

Well, the Village Board had another busy meeting Monday night.

The board voted to accept the second bid announcement offer on the 1973 Plymouth squad car of \$200.

The police chief also stated that no definite date has been set for bicycle registration within the village. Originally, it was to be in September but now will probably be the first part of October.

VANDALS have been a problem for the new construction in the village in the past and the new village hall has been no exception. However, the police caught three youths who have admitted doing most of the damage to the new municipal building. Mayor Flannigan reported that restitution by the youths and their parents is being pursued with some thought to prosecution. To date, the new hall has sustained a total of \$774 worth of damage by vandals.

Trustee Fred Fabry reported that work has been done to the Beck Road beach area with new sand being spread, a walkway established with grass areas on either side of the same. The same work is expected to be completed on the Surry Lane beach in the near future.

Mr. Fabry had little to report on the Beck Road park site, however. The drainage ditch, tile and stone have been completed but the village is still awaiting for the asphalt company to come in and lay the asphalt for the tennis courts. No

further work can be accomplished until that time. Mayor Flannigan said the asphalt company advised him that it will be somewhere between now and mid-October before they complete the asphalt work at the park site.

Mayor Flannigan presented a list of nine names, with two additional names forthcoming, to be approved by the board as the Proposed Bicentennial Steering Committee for the village. The committee will be made up from members of organizations within the village and will establish how involved the village will get in the country's celebration in 1976. They will also be responsible for coordinating with the surrounding municipalities.

The board approved the names submitted: Mrs. Joan Bodenlos, Mrs. Diane Gorski, Mr. Ronald Gorski, Mr. Richard Jenkins, Mrs. Linda Kolgore, Pastor Bruce Naylor, Mrs. Sue Poehlein, Mrs. Carol Sweeney and Mrs. Jenny Volpentesta.

Trustee Fabry reported that he is still checking with other villages on the establishment of a recycling project.

Mayor Flannigan also announced that the Chicago Area Transit Association will hold a public hearing to answer questions over the phone on Channel 11 on Sept. 30. Anyone with questions concerning the transit matter is encouraged to watch.

Transferred Families Helped By RELO

"Home owners facing transfer in or out of Antioch need not be afraid they can't become home owners again because of today's economic conditions," according to Michael Warren of Michael Warren & Co.

"While conventional mortgages are hard to arrange, RELO (Inter-City Relocation Service) continues to break its own 14 year record in helping transferred families find suitable homes and suitable financing. Third quarter RELO sales for the fiscal period ending in July ran 19 percent ahead of last year's previous all-time record. And the number of August home sales increased another 8 percent over July," Warren reports.

The local member serves Antioch for RELO, a national broker-owned real estate referral service.

"It takes determination, established financial contacts, and ingenuity to help families negotiate home ownership in today's market. We're working harder to suggest alternates to the conventional mortgage, when necessary. It's part of RELO's regular service to families who need to become new home owners in distant cities.

"Now, when an Antioch family plans a transfer, we may show them what financial facts to gather, so the RELO broker where they're going can seek available financing there. Through that member, they will learn at once about other financial options open to them at the end, too. For instance, our second quarter RELO survey of major transferee areas shows increasingly important differences in the rate

at which housing prices go up around urban centers," Warren said.

Prices can increase 5 percent in one neighborhood, and 10 percent in another, over the same time, in some market areas. At today's housing values, choosing the right communities in which to look could mean a savings of thousands of dollars for a family transferring home ownership in the \$40,000 to \$45,000 range.

"By working closely with other RELO members we can tell transferees about such current options wherever they are going. We find financial guidance is getting to be a bigger part of our overall RELO service to Antioch families in the current housing market," Warren says.

NEITHER SLEET NOR RAIN...Antioch's cheerleaders hung in there Saturday, despite the rain and the loss to Warren's Blue Devils. Their hair got stringy and wet, but nothing dampened their spirit. (Paul Maplethorpe photo.)

Continued from Page 1

suffered three straight losses.

But Cary-Grove has lost to tough teams. Last week they fell 20-6 to Wauconda, a title contender. And the previous week they lost by only 12-6 to Lake Zurich, another contender.

IT WASN'T that Antioch was so bad last week. But Warren was so good.

The big Blue Devils now share the conference lead with Grant. Both have 3-0 records.

"We played a good ball club," said Antioch's coach, Roy Nelson. "They execute well and they know where to go. And they were big."

"We couldn't stop their power sweep early in the ballgame and that hurt us," Coach Nelson said.

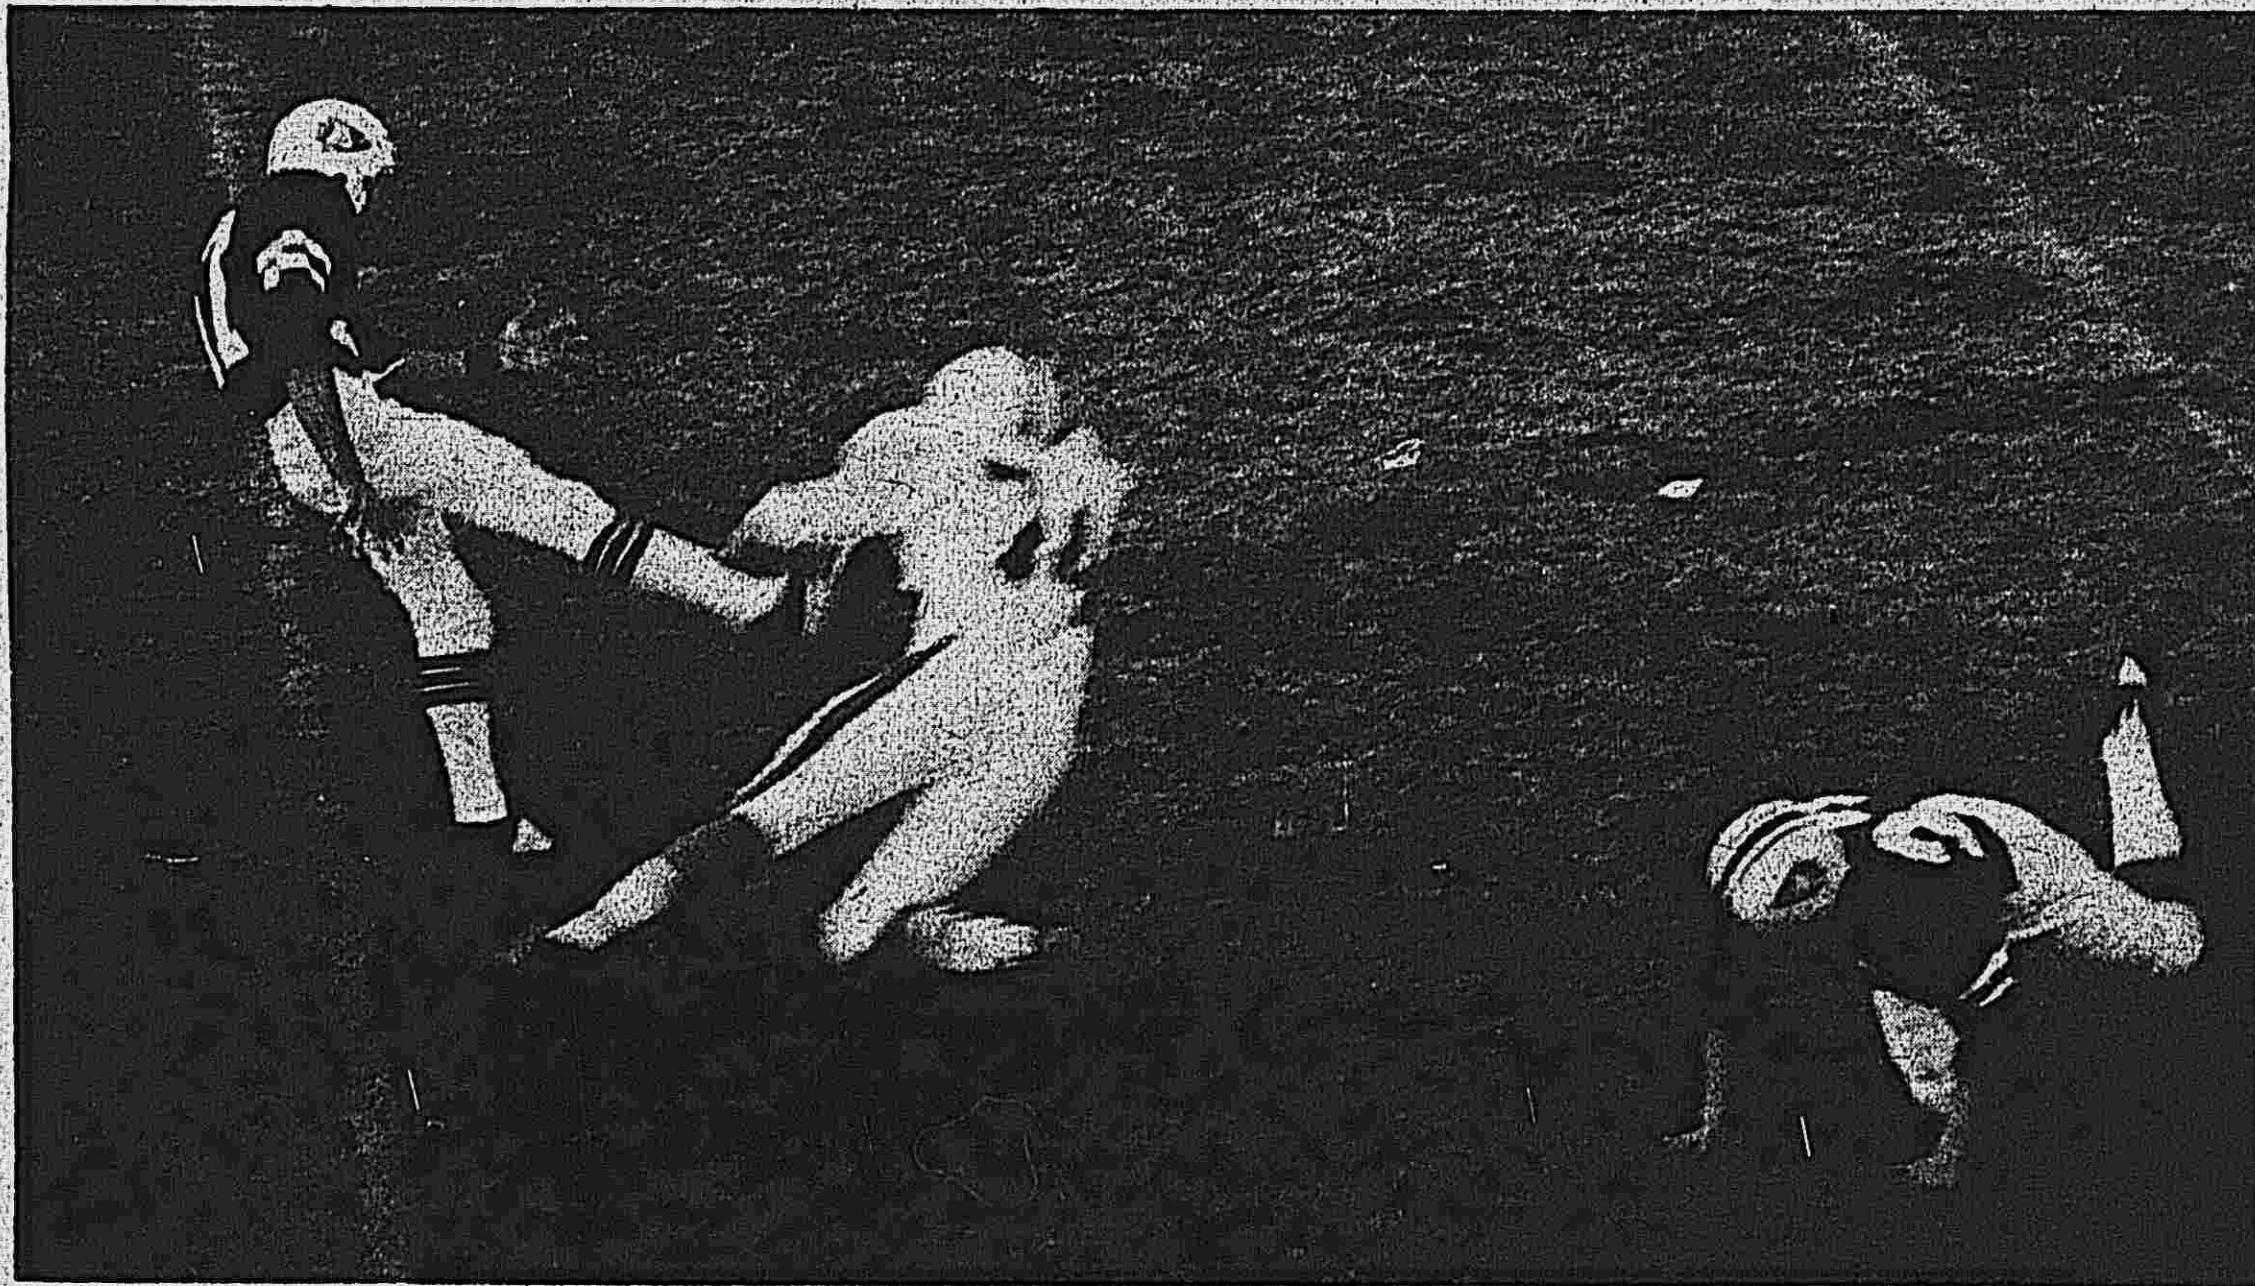

Antioch played the game without two of its stars. Halfback Dave Moore, an effective ball-carrier and breakaway threat, was out with a leg injury. And defensive back Frank Pleviak, a team leader, severed a finger earlier in the week in a meat market accident.

"I SAW bright spots," said Coach Nelson. "Mike Jones is starting to run harder. (He gained 43 yards and scored Antioch's touchdown.) Defensively, Dennis Varney did a heck of a job, coming up from the secondary and making tackles."

Other Antioch defensive stars were Dave Kisner, who made eight tackles and nine assists. "He isn't afraid to hit," said Nelson.

"Dave Boegarts and Chuck Smith did good jobs defensively, too," the coach said. Jon Sunday had six tackles, five assists and a fumble recovery. And Jon Bodin made four tackles and was in on 14 others.

AFTER SATURDAY'S battle

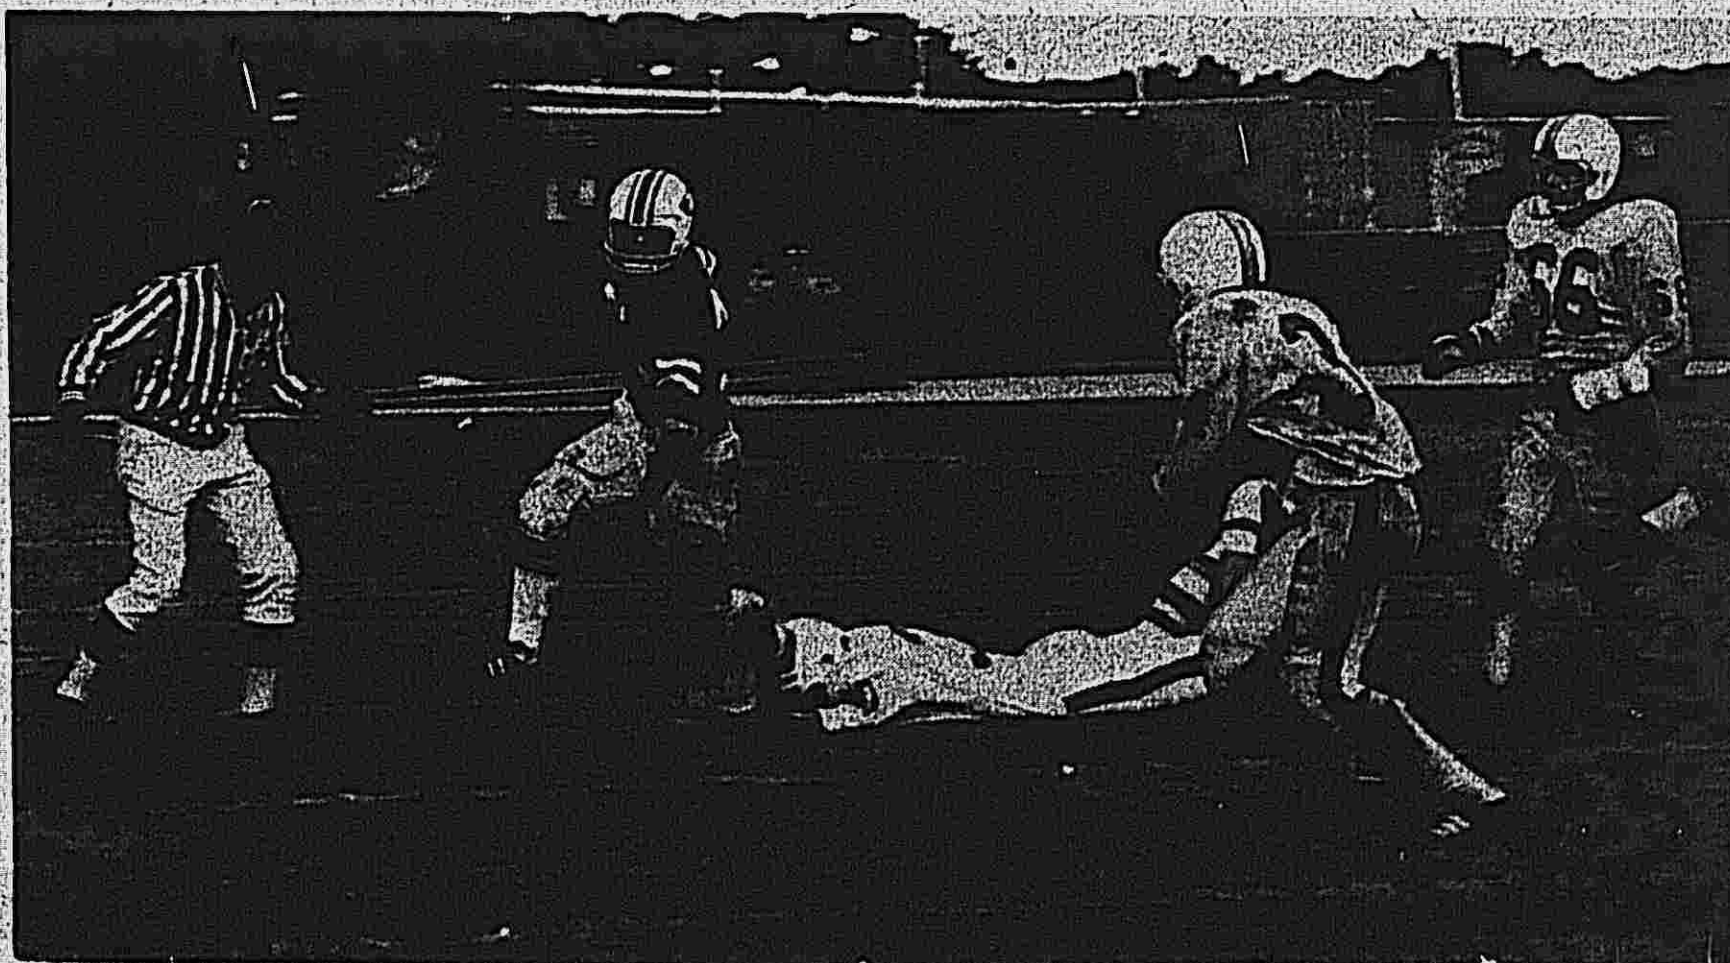

ANTIOCH'S PUNTING GAME was good Saturday, even in defeat. Coach Roy Nelson had praise for the way Terry Lear (left) got off good kicks under constant

pressure, and also praised the protection Lear received from his teammates, including Karl Blumenschein (right) and Tim Shepperd.

at Cary-Grove, the Sequoits will prepare for their Saturday, Oct. 5, game against Lake Zurich. It will be Parents' Day here with Moms and Pops of the players as guests of honor.

BREAKING LOOSE from Warren tacklers for a sizeable gain is Antioch's Mike Jones, senior halfback who fought his way for a total of 43 yards in last Saturday's 33-6 defeat.

ANTIOCH'S STAR HALFBACK, Dave Moore, watched last Saturday's game from the bench along with the student managers. In Antioch's first two games, the junior ball-carrier broke away on three long touchdown runs. But a bruised thigh kept him out Saturday as Warren trimmed his teammates 33-6.

Sequoit Sophs Lose 12-0

Antioch's sophomore football team lost its second game of the year 12-0 to the visiting Blue Devils from Warren.

The story of the game can easily be seen in the statistics. Warren ran 58 plays to 36 for the Sequoits. As Warren dominated the play, Antioch could not hold on to the elusive Warren backs. Time and time again Antioch tacklers hit the Warren backs, but could not stop them as they slipped away for constant gains.

Offensively Todd Teneck lead

all ball carriers. Mark Stewart, starting quarterback, injured his arm in the second quarter and this undoubtedly hurt the performance.

Saturday the Sophomore B team goes to St. Joseph of Kenosha for a game at 9:00 a.m. and the A team plays Cary-Grove at there at noon.

Alice Johnson Wins \$15 in Football Contest

How do you win \$15 in the Antioch News' football contest? Well, a little E.S.P. doesn't hurt.

"Would you believe I just picked the numbers out of the air?" said Alice Johnson, last week's winner.

She picked Warren to beat Antioch 31-6. The final score was 33-6.

"This was just for fun," Mrs. Johnson said. "I haven't followed Antioch football very closely since my children graduated."

Alice and her husband, Walter, own Johnson's Petite Resort on Petite Lake. This was her first experience as a football expert.

THE CONTEST had two other experts last week. Tom Dye won a \$10 gift certificate at Gibbs and Jenssen's "Carousel" and Wendell Burris won a \$5 gift certificate at Stanley's Men's Fashions.

Tom picked Warren by 27-6 and Wendell by 28-7. Since both picked Antioch to lose by 21 points, second and third place was decided by the tie-breaker, the Bears-Jets game. Tom came closer in that one, picking the Jets 34-21. Wendell picked the Jets by 27-10. The final score was 23-21.

THIS WEEK'S contest asks

you to pick the score of Saturday's Antioch Cary-Grove game. First prize once again will be \$15. Second prize will be a \$10 gift certificate at Rittenhouse & Embree Lumber Co., and third prize will be four tickets to the Oct. 5 Northwestern-Oregon game at Exanston.

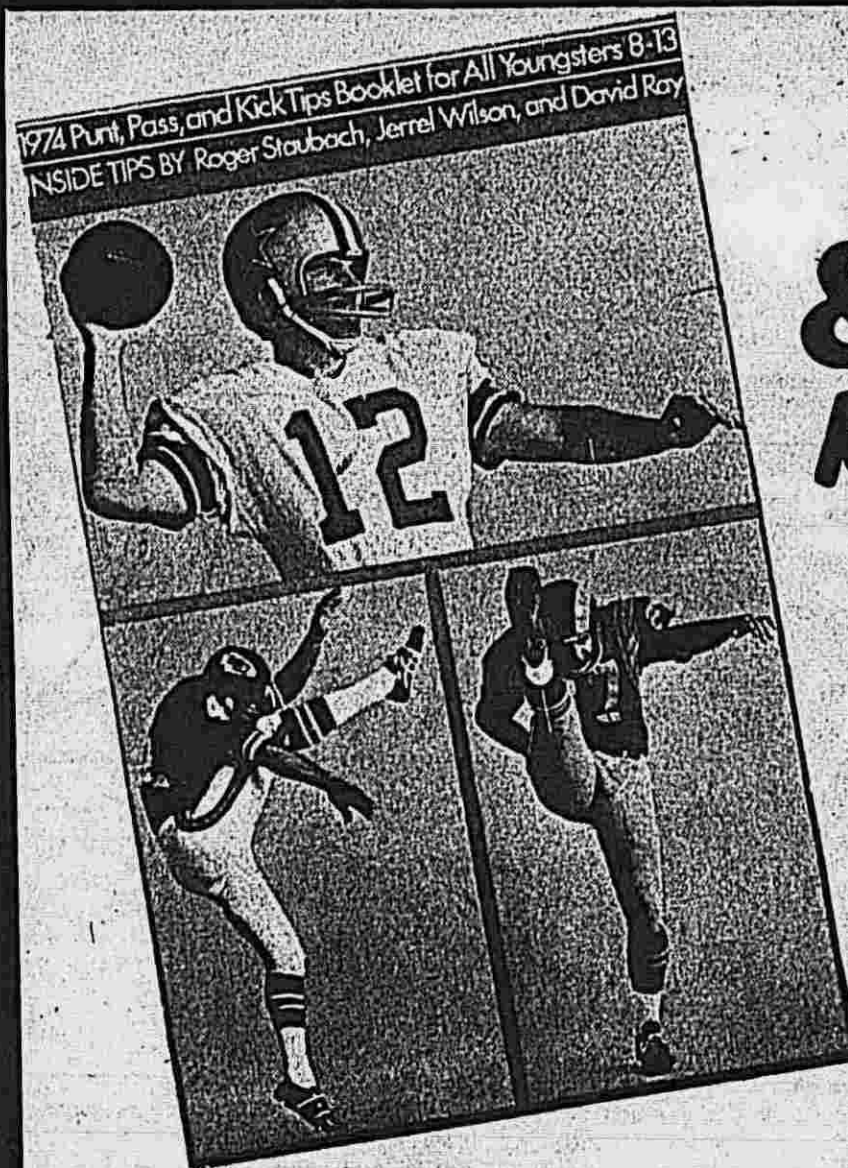

Why don't you enter? you don't have to be an expert. Ask Alice Johnson. She picked numbers out of the air and won \$15.

Interest is growing each week in The Antioch News' football contest and forecasters are coming closer.

Neal Lulofs of 591 Gary's Drive picked Warren to beat Antioch by 26-7. One less Warren touchdown and he almost would have hit it on the head.

Bob Dodd of Rt. 5, Box 460 picked Warren by 33-14. If only Antioch could have scored once more.

Tom Huebner of 240 Maplewood Drive at first picked Warren by 30-6. Then, faithful to the Sequoits, he crossed out the 30 and made it 21-6. His first impulse was more accurate. Darn it.

SUCCESSFUL. That word describes Sunday's Antioch Lions Club "Safari" trap shoot at the Northern Illinois Conservation Club range. It probably was the most successful event of its type ever held in the area. More than 150 squads of five shooters participated in the trap event.

JOHN TERESI and his team showed up for the trap shoot in a chauffeur-driven limousine with an Italian flag waving from the antenna. Teresi also had an unusual carrying case for his gun.

Wilmot Plans Thrill Show

WILMOT, Wis.—When the Kenosha County Speedway hosts the 1974 "Carnival of Thrills" Saturday night, one of the major stunts will be a 65 foot tunnel of fire ride on a motorcycle by Jim McDermott. McDermott holds the world's record for the longest ride through the 1,500 degree inferno. He set the record of 77 feet 4 inches at a fair in Iowa. The stunt has had limited exposure on ABC Wide World of Sports and is considered one of the more dangerous motorcycle stunts in the world.

Joining McDermott in the "Carnival of Thrills" will be 100 or more drivers from the Illinois-Wisconsin area in a gigantic demolition race.

A third attraction will be the Coffin Kiss of Death in which a man and his wife will place themselves in a coffin lined with several sticks of dynamite and blow themselves up before the fans. Actually, they will not be injured if all goes as planned. The secret is in the proper placing of the dynamite which causes opposing blasts leaving

Golfers Plan 3 Matches

Antioch High School's golf team plans three home matches in the next few days — facing Grayslake today, North Chicago on Friday and Wauconda on Monday.

Coach Mark Guthrie's players recently suffered losses to Woodstock and Warren.

Woodstock beat Antioch 175 to 192 as Dave Hutchison shot a 38 at Plum Tree Country Club. Antioch was led by sophomore Pat Houghton and senior Dan Donica.

Warren defeated the Sequoits 170 to 184 in a varsity match and 184 to 193 in a junior varsity duel. Antioch's Bob Walsh shot a 41 for the varsity and Steve Hartokolis led the jayvees with a 46.

the couple in a near vacuum.

Gates will open at the Kenosha County Speedway at 6:30 p.m. on the 28th with the events getting underway at 7:30. Children under 6, accompanied by a parent, will be admitted free.

The "Carnival of Thrills" will end the 1974 attractions at the Speedway.

The Antioch High School cross-country team has competed in three dual meets since Sept. 12, winning all three.

On the 12th, Antioch ran against Cary-Grove at Fox River Park in Wilmot. Mike Harland and Kevin Walpole tied for first with a time of 16:34, followed by Jim Grippando 3rd and George Pierce 5th. Final score: Antioch 17, Cary-Grove 39.

Antioch Runners Defeat 3 Rivals

The top sophomore finishers were Billy Harland 1st, Rick Oscarson 3rd, Bobby Odgen 5th and Jim Bucar 7th. The sophomore team won 25 to 31.

Antioch's opponent on Sept. 17 was Zion-Benton. Antioch runners finished 1st, 2nd, 4th and 5th, led by Kevin Walpole at 16:30. Mike Harland, George Pierce and Jim Grippando. Other Antioch runners in the race were Bobby Dubek, Steve

In the sophomore race the finishers were Billy Harland 1st, Rick Oscarson 2nd, Bobby Odgen 3rd, Greg Krol 5th, Jim Bucar 7th, Bill Stanley 10th and Mike Payne 12th.

Bentel 3rd, Gary Bailey 5th and Edison Sankey 10th. The final varsity score was 18 to 34 in favor of Antioch.

The third victory came over the Libertyville Wildcats at Libertyville. With only one day's rest Antioch overcame the threat of the Wildcats. The day started on a sour note with the freshmen and sophomore runners bowing by scores of 36-21 and 38-29. However, the varsity powered to a 17-44 victory. Leading the harriers was George Pierce with a time of 15:33 for 3 miles. Mike Harland was 2nd and Kevin Walpole was 3rd, following closely.

Thursday, Antioch will face Woodstock, last year's conference winners, and Lake Zurich at Fox River Park. Antioch will host its own Invitational on Saturday, also at Fox River Park, at 10 a.m.

LAST SATURDAY at Veterans' Acres Park in Crystal Lake, Antioch competed in the Grant-Crystal Lake Invitational Meet. Antioch finished 6th out of 15 teams.

The freshmen race was won by Joe Garcia of Woodstock. Bill Dubek of Antioch finished 18th, with Dave Walpole 27th, Freddy Bentel 31st, Gary Bailey 48th and Edison Sankey 68th.
